### STANDARDIZED GPA FORM

Koniag Education Foundation (KEF) considers an applicant's GPA following the 4.0 model to determine award eligibility. KEF also considers GPA when determining competitive annual awards. However, KEF recognizes that not all institutions use a standardized 4.0 model for tracking GPA and student progress and success.

This form may be submitted by students with a GPA using a model other than the 4.0 GPA criteria reported on official transcripts. Official transcripts must also be submitted for award consideration.

A school representative with authority must complete this form to confirm that the student is completing work at or above the required GPA level. The official document may be submitted to KEF by the student or directly by the institution. The applicant must submit all documents to KEF by the stated deadline(s).

I certify that the student named below is completing coursework at or above the level of a \_\_\_\_\_ GPA.
